THURSDAY, MAY 3, 2018

## WCJC JUNIOR/SENIOR DAY (RIGHT)

Stephanie Garcia, Todd Macek and Aracelly Perez take a tour of WCJC.

## TX STATE TECHNICAL COLLEGE (LEFT)

Members learn about many programs offered.

# WIT/BRT MEET & GREET

WIT members hosted their 1st Annual Meet and Greet with students from Iago Junior High in the new BRT Program. The BRT Program provides WIT members an opportunity to give back by interacting and mentoring young junior high male students – engaging them in academic activities that impassion these students to stay focused on a strong STEM (science, technology, engineering, and math) path. The students were able to meet with each other and attack several STEM related challenges. Groups built balloon towers, marshmallow snowmen and forts, made shoes out of tissue paper, and created Lego man launchers. They finished the event with ice cream sundaes. Thank you to all those who made this event a success!

## WCJC BAY CITY AND STP VISIT

Members spent a day by the water visiting WCJC Bay City and then STP Nuclear Power Company. Members watch as Mr. Henry and Jose Haro demonstrate closing a valve. (left top)

Mr. Henry warns Aracelly Perez and Dasia Taylor that turning the switch can cause an alarming sound. (left bottom)

Members at STP. (right bottom)
