

Boling Independent School District

SCHOOL WELLNESS POLICY (Assessment on Implementation)

Area: Nutrition Education
Effective Date: October 27, 2014
Implementation: SY 2014-2015

Below is the standard procedure to be followed at all District Schools regarding the School's Wellness Policy.

The Boling Independent School District supports the USDA Requirements for establishing and following a Local Wellness Policy. It is of utmost importance that students in Boling ISD learn healthy habits (nutritional and physical). These are important in that they promote good health and will become a normal part of student's (and later adults) lives.

For each item, please indicate whether goal is met or not met. Include information that may support your assessment.

GOALS FOR NUTRITION EDUCATION

Boling ISD will promote, support and encourage proper nutrition for all students
Boling ISD will follow the state health curriculum and TEKS
Boling ISD campuses will link nutrition education activities to the coordinated school health program (CATCH Program)
