Kelsey Select High Performance Network

The Kelsey Select plan is available to members in Montgomery, Harris, Fort Bend, Galveston and Brazoria counties.

The Kelsey Select plan will be an alternative to Memorial Hermann in Montgomery, Harris and Fort Bend areas. If a member lives in one of these counties and chooses ActiveCare Select they will be placed in the Memorial Hermann plan. To select the Kelsey Select plan they will need to elect this separate plan on enrollment.

Members living in Galveston or certain zip codes in Brazoria County (77511, 77512, 77578, 77581, 77583, 77584 and 77588) will not be able to enroll in the standard Select plan but will have Kelsey Select as an option. For members in this area currently in an ActiveCare Select plan, they will be moved to the Kelsey Select plan on 9/1/17 if no new election is made.

MESA and Third Party Administrator portals are being enhanced to support these enrollment rules. In addition, Aetna and TRS are developing additional communications for members that may be impacted by the addition of the Kelsey Select High Performance Network.
